BACKGROUND

ABOUT

I am looking for fullstack javascript opportunities using ES6/7, React and other up-to-date tools. Currently obsessed with ES6 and never writing `function(){} again`.

WORK EXPERIENCE

Student Mentor, Lighthouse Labs (<https://lighthouselabs.ca>)

Oct, 2015 - Oct, 2015 Recently joined

Teach highly motivated students the best practices in Web Development, including Nodejs, Ruby on Rails, React, Object Orientated Programming, Software Architecture & Test Driven Development.
